

I am opposed to LPFM superceding FM translator services if it means I will lose the

ability to listen to my local K-LOVE station. My reasons for this are:

1. K-LOVE provides me with the music I want to hear and news from a Biblical viewpoint.

2. The loss of K-LOVE would adversely impact our community as there are no other FM

stations in our area that provide the unique and valued service that K-LOVE provides.

3. K-LOVE is a non-denominational Christian radio service that plays awesome uplifting

music, it is a welcome relief from the plethora of non-Christian material that is overtly

present on so many other FM stations and K-LOVE changes peoples lives!

Thank you for taking my comments.
